## ROMEO FILES HIS ANSWER

NEW YORK, June 18.—District attorney Jerome's answers to the additional specifications in the charges filed against him by a committee headed by William F. King are sent to Governor Hughes at Albany today. The specifications charge that Jerome threw dice for a dollar a throw and the drinks during the closing hours of the first trial; that he advised E. R. Thomas, while under indictment, to bank cases, to get another lawyer in place of the one who was representing him, and that he offered immunity to William R. Montgomery, banker, under certain considerations. Jerome's answer is very lengthy.

## MARRIED IN THE COLLEGE TOWN

GEORGE C. JONES IS WEDDED TO MISS RUTH GREEN OF BERKELEY.

The San Francisco Chronicle has the following account of the marriage of George Campbell Jones to Miss Ruth Green, which took place at Berkeley Tuesday evening.

Friends and relatives from many parts of California attended the beautiful home wedding of Ruth Van Kampen Green, daughter of Mr. and Mrs. Adam T. Green, and George C. Jones, a young mining man and graduate of the University in Berkeley, last night. The house on Dwight Way was decorated with ferns and white star flowers for the ceremony, which was performed by Rev. Edward Lamb, of the St. Marks Episcopal Church of Berkeley.

The wedding was a quiet affair, only the close friends and relatives of the two being among the guests. Miss Mabel Jones, a sister of the groom, and who is to become the bride of Percy R. Keatings, of Palo Alto, this week, attended the bride as maid of honor. Katherine and Elizabeth Bixby, little nieces of the bride, acted as flower girls. The groom was attended by his friend, Lieutenant Robert Fletcher, of the Presidio of Monterey. Mrs. Jones was among the most popular maidens in the University of California, being a member of the Kappa Alpha Theta society. She graduated from the Berkeley High School and is prominent in social circles of the college community.

Following the wedding supper Mr. and Mrs. Jones left for their honeymoon in the southern part of the State, after which they will make their home in Tonopah, Nev., where the groom has mining interests. Among the guests at the wedding were the sisters of the bride, Mrs. Howard Huntington and Mrs. Frederick Bixby, of Los Angeles and Pasadena, who will remain for some time as visitors.

Mr. Jones is one of the popular and wide-awake young men in this section of the country. He is an attaché of the Montana Tonopah Mining Company, and though but a resident of Tonopah for a year, has a host of friends in this city. Many telegrams of congratulation were sent from here to the young couple. The men at the Montana presented the young couple with a handsome silver coffee service.

Mr. and Mrs. Jones will come to Tonopah the latter part of the month.

## WORTHLESS MONEY ORDERS CASHED

SALT LAKE, June 18.—Merchants of Salt Lake City and Murray are bawling the coming and going of a swindler who signs himself, or rather impersonates "Joe Burns," and who has victimized them to the tune of \$475 by passing fraudulent post office money orders. The swindles were perpetrated Saturday night, and only some eleven victims have been heard from, representing the amount quoted above, but one hundred money order blanks are missing of the two hundred stolen from the post office of Schurz, Nev., and it is possible that the amount involved may total into the thousands, and that the swindles may extend from Nevada to Zion.

C. D. Low, post office inspector in charge of this district, has the case in hand, and a rigid investigation is being pursued, but so far as known no clew has developed.

The authorities believe that the money orders have been scattered all over Nevada, and that Goldfield may have a large crop of them.

When the merchants here sent the money orders to their respective banks, they were, of course, accepted, but now they have been returned.

## NEW INCORPORATIONS.

Articles of incorporation of the Smoky Valley Mining and Leasing Company have been filed. The capital stock is \$500,000 and the incorporators are W. B. Pittman, W. G. Lamb and C. E. Howard, all of Tonopah.

## CLEVELAND BAKER AS PROGNOSTICATOR

HAD SEVENTEEN GUESSES ON THE OUTCOME YESTERDAY.

Cleveland Baker, the eminent young barrister and astute politician, came in from the Coast yesterday, where he had gone to confer with some of the big men in California on matters pertaining to certain interests here. He is flattering himself today on having predicted the nomination of Taft, Cleveland having made seventeen guesses, contending that if Taft was not nominated it would certainly be Roosevelt, and if it were not Roosevelt the mantle might fall upon Hughes in the event that Joe Cannon failed to connect, and if by some hocus pocus Knox should have lost the Pennsylvania delegation it might be some one of the half dozen others. As a political prognosticator Cleveland has them going south.

Speaking of financial and business conditions on the Coast, Mr. Baker says that matters are getting in much better shape. There is considerable talk about Nevada, as many Coast people are interested here, and as silver is soaring up (if he had been here there is no doubt but what he would have given us a tip that silver was going to jump nearly a point), they look for a good year in this State.

"I have returned with renewed health," said Mr. Baker, "though I never really knew that anything ailed me, and shall give a coat of paint to my political fences that will put the blinding flash on any one having the hardihood to enter the field with me. I think that the political pot will begin to boil shortly and things will soon be sizzling. As to matrimony—well, let that go until this fall."

## ONE WOMAN IN THE CONVENTION

CHICAGO, June 18.—The only woman who has a seat on the floor of the Republican Convention as a regular delegate is Mrs. Lucy A. Clark, of Bingham City, Utah. Mrs. Clark came to the city merely as an alternate delegate. Three hours after her arrival, however, the Utah delegates went into caucus. Then it was found that one of the regular delegates, C. E. Looze, of Provo City, would not come to the convention. Thereupon the vacant position was allotted to Mrs. Clark as a regular delegate. Mrs. Clark is the daughter of one of the early Mormon pioneers and is an ardent woman suffragist.

## RESTRICTION OF STOCK MARKET

(By Associated Press)  
NEW YORK, June 18.—Narrow restrictions in the rice movement continued to be the feature of the stock market today with dealings of so insignificant a volume that the fact in itself deprived the movement of importance. Professional operations of a small sort apparently made up the whole market. Bonds were irregular.

## EMIGRANTS BY THE THOUSANDS GOING

NEW YORK, June 18.—More than a thousand persons holding steerage tickets for European ports were left behind by the steamer Potsdam when she sailed today with her steerage quarters filled to their capacity of 2,000. The 1,000 who were unable to find accommodations on the ship were assured that they would be taken on the next outgoing steamer, but many of them made determined efforts to go on board the Potsdam. They were held in check, however, by a large force of policemen who had been summoned to the pier.

As early as last evening the steamer's steerage quarters were filled, but every train from the West brought in scores of homeward-bound foreigners who had purchased tickets through the company's Western agencies. The police had considerable difficulty in holding back the crowds of newcomers who attempted to force their way on board the Potsdam, and several times clubs were used.

Many of the prospective passengers have little or no money beyond what it took to get them to their homes, and it is likely that they will remain in one of Hoboken's parks, where they are now camped until the next steamer sails.

The great homeward rush of foreigners is believed to be largely due to the extremely low rates now offered for eastward-bound steerage passengers.

## EASY GAME FOR THE BUNKO MAN

LOS ANGELES, June 18.—The new gold brick is made of paper. M. C. Lorenzen, a wealthy mining operator and land owner, complains to the police that he is the unfortunate possessor of it. He says he made the acquaintance of a "jolly good fellow" named Harry Huron. The two men passed several days and nights, having a good time generally, until day before yesterday Huron became confidential and told Lorenzen he had the secret of making banknotes. He showed him some splendid specimens.

Yesterday Huron said he had to hurry to Tulare to put through a land deal and borrowed \$3,000 from the mining man on the strength of a package supposed to contain \$25,000 in bank notes. When Huron bid Lorenzen a fond good-bye, he said he would be back here today. This afternoon Lorenzen opened the package. It contained only blank paper.

## MINING COMPANY FAILS.

NEW HAVEN, Conn., June 18.—The International Mining Company, it was learned today, has applied to the United States Court for a receivership. The company was incorporated in this State with an authorized capital of \$1,500,000. Its liabilities, exclusive of any capital stock paid for, are estimated at \$60,000. The company produced graphite and other minerals and had plants in New York and Vermont.

## SALESMAN ACCUSED OF DIAMOND THEFT

CHICAGO, June 18.—Maintaining the utmost secrecy, the Grand Jury today returned an indictment against James Nenamin, one of the most widely known and expert diamond salesmen of the West, charging him with the theft of \$25,000 worth of gems from the wholesale diamond house of M. S. Fleischman & Co., Hayworth Building, Madison street and Wabash avenue. According to the testimony which was presented before the Grand Jury today by witnesses introduced by the State's Attorney, Nenamin had been in the employ of the company for several years and traveled over Pacific territory.
